Attention: Kanyon Sayers-Roods, Cary Lee Peterson, LL. D et al.,

This is a response to an email that was sent to me by Cary Lee Peterson and copied to several US Agencies and firms, that are also copied on this response (the original recipients list is copied below) that contained a putative arrest order from the self styled Cary Lee Peterson 'Kangaroo Court', styled as a putative "TRIBAL COURT ORDER" which email was sent to me on: Fri, Jul 29, 2022 at 10:31 PM, and referenced the: Subject: **"Copy of Service to Defendant Marlene Machado (Sayers-Roods v. Machado, CAND No. 22-cv-03092-EJD), Ms. Machado, also copied on this correspondence."**

You, your cohorts and all those that you copied in the above referenced email are kindly advised that your so called "TRIBAL COURT" orders issued by the prior referenced kangaroo court are void for fraud, Breach of Trust [see Cal. Civil Code 1689(b) (1)] as are the Power of Attorney claimed by you and your partners which includes the alleged Medical power of attorney for Ann-Marie [Sayers]. The reasons for this will be self-evident on reading the attached Affidavits, Witness Statements, Rescissions etc.

Whilst unimportant to this issues at hand, it is noted that in prior communications and documents that were filed by you and your cohorts in to the "U.S. District Court" it was repeatedly stated that I was not of native American ancestry. Please be advised, that i am, in fact, a native American from the chumash santa ynez mission Indians. It is noted that Cary Lee Peterson who set up the so called "TRIBAL COURT" and those that you illegitimately appointed to take over your mothers affairs are in fact NOT native American.

Please govern yourselves accordingly,

Sincerely,

Marlene-Rita, House of Machado
